Don't let important information to fall into the wrong hands!
Use The CommCenter® to protect your online communications.

Instant Benefits Network is excited to present the **CommCenter**®, designed to connect you and your groups, carrier reps, or other contacts by offering a simple, private forum for exchanging sensitive information online. Unlike typical email programs such as Outlook or web-mail, The **CommCenter**® makes doing business online more safe and reliable, allowing you to offer more security when it really matters.

Advantages & Features:

► Send and receive personal health information, discuss claims, and exchange confidential documents and materials.

► Encrypts all your important communications in a single, secured location.

► Contacts receive a standard email notification each time a new message arrives.

► Reduce the hassle of shuffling through fax papers, help streamline the marketing process, and greatly improve customer service.

Complimentary Products & Services:

► Instant Underwriter – groups complete and print multiple health applications using a single online process. Applications are legible and complete enabling faster, more accurate quotes while also cutting down renewal time.

► Instant Enroll Suite – Instant Apps and Instant Underwriter all-in-one package. Give employees access to the online application *and* plan administrators an online manager to maintain employee records, print forms from their own custom library, and more.

► Client Website Builder – our online template system allows you to build custom benefit websites for clients to view benefit info and access other important resources.

IBN is the leading developer of web-based products that are designed to meet the technology needs of the employee benefits broker. By customizing our products to your look and style, they effectively enhance your company's value in the eyes of your clients.
